II. ORGANIZATIONAL CONTEXT AND SCOPE

The United Nations Development Programme (UNDP) is the UN’s global development network, advocating for change and connecting countries to knowledge, experience and resources to help people build a better life. Anchored in the 2030 Agenda for Sustainable Development and committed to the principles of universality, equality and leaving no one behind, UNDP’s purpose is to help countries achieve sustainable development by eradicating poverty in all its forms and dimensions, accelerating structural transformations for sustainable development and building resilience to crises and shocks.

Rwanda is among eight pilot countries selected in January 2007 to implement the One UN Reform, which enables the UN System to provide a more effective and coherent response to the needs of the Government of Rwanda and its Development Partners. As part of the UN Country Team, UNDP works with other sister agencies to implement the “One UN – Delivering as One (DaO)” process. The UNDP Rwanda’s assistance framework is guided by the United Nations Development Assistance Plan II (UNDAP II) 2018-2023, which is aligned with the priorities of the Government of Rwanda, as identified in the National Strategy for Transformation (NST1; 2017-2024) and the new Vision 2050 of Rwanda. The UNDP in Rwanda, in conjunction with other UN agencies programmes, supports the work of the
Government of Rwanda in finding and implementing solutions in the three focus areas together with the Millennium Development Goals: Poverty reduction, Environment and climate change, and Democratic Governance and Peace Consolidation.

The UNDP Rwanda Country Office has two programme units; Sustainable Growth Unit and Transformational Governance Unit as well as programme support units which include the Operations (Finance, HR, Procurement, and ICT), Management Support and Communications. In Rwanda, UNDP has been a long-term partner supporting the national development journey particularly in the area of poverty eradication, environment protection, access to justice, democratic governance and gender equality and women empowerment.

UNDP Rwanda Country Office provides both upstream and downstream support for inclusive and sustainable development at national and local levels. All program will contribute to ensuring the SDGs “Leave no one behind” pledge and empower all people particularly the most vulnerable across the different areas of support.
