1. BACKGROUND AND CONTEXT

YouthConnekt was launched in Rwanda in 2012 by the Government of Rwanda through the Ministry of Youth in partnership with UNDP as a multifaceted initiative aimed at connecting young people with peers and role models, skills development, access to finance and entrepreneurship. The programme is aimed at empowering young people and connecting them with their peers, leaders from both the public and private sector, and civil society organisations that can help youth realise their potential and gain meaningful employment and entrepreneurship opportunities. By combining elements of skills development, entrepreneurship, access to jobs and finance, sexual and reproductive health, awareness raising on issues related to youth development, and promotion of youth citizenship through community work and inclusion in local and national policy dialogue, the YouthConnekt initiative has proven to be a very innovative and effective way of empowering youth, generating productive off-farm jobs, and helping Rwanda reap the demographic dividends of its large youth population. Since its inception in 2012, the YouthConnekt initiative has resulted in the creation of more than 8,000 jobs and has engaged more than 1 million youth in civic engagement activities. Building on this success, YouthConnekt has since been endorsed by the African Union, and 9 other African countries have now launched the initiative. YouthConnekt has proven to be an innovative and effective way of unlocking the potential of youth and bridging the gap between their aspirations and the limitless opportunities that their continent has to offer, therefore facilitating the demographic transition and creating highly productive off-farm jobs.

In 2019, MINIYOUTH, UNDP, UNFPA signed an agreement with the Korea International Cooperation Agency (KOICA) to support the scaling-up of the YouthConnekt initiative in Rwanda through a 4-year
programme (2019-2022). The programme seeks to extend the YouthConnekt achievements to reach three key objectives: (1) increased youth (girls and boys) access to decent jobs in Rwanda with a concrete goal of creating more than 20,000 decent jobs for young men and women; (2) empowerment of youth to fully engage in policy-making and civic engagement; and (3) increased number of youth using health services and adopting healthy lifestyle practices through the scale up of UNFPA’s Innovation Accelerator model.

More specifically, the strategy for the scaling-up of the YouthConnekt initiative focused on strengthening the partnership with the private sector which is the main driver of job creation and economic growth. It is within that context that YouthConnekt aims at recruiting a national consultant to support the strengthening of the partnership with the private sector and other national stakeholders.

2. OBJECTIVE, SCOPE OF WORK AND RESPONSIBILITIES

Objective

The national consultant will be responsible for the development of a National YouthConnekt Partnership Strategy and for the establishment of Partnership/Memorandum of Understanding (MoU) with the private sector

Scope/Responsibilities

More specifically, the consultant assignment should consist of the following main tasks:

- Develop a detailed National YouthConnekt Partnership strategy including but not limited to:
  - Detailed YouthConnekt Partnership Strategy with concrete actions, measurable impactful indicators, baseline, targets, etc.
  - The Identification of opportunities for partnering with the different organizations in Rwanda with special focus on private sector through a mapping exercise and the development of a comprehensive database of all potential partners from the private sector (list, contact, field of work, potential areas of collaboration, etc.) and other partners.
  - Identification and build on the best practices and lessons learned directly in relation with resource mobilization and partnership-building activities within the private sector
  - Support the development of outreach/publicity material geared towards partners
- In coordination with the National YouthConnekt team, support the implementation of the approved national partnership strategy through:
  - The establishment of contact with the private sector, donors and other partners
  - Securing partnerships (including but not limited to financial) from private sector for the scaling-up of YouthConnekt
  - Organization of training/briefing for the YouthConnekt team on resource mobilization/partnership management issues with a focus on work with private sector

3. DELIVERABLES
• **Inception report** including a clear methodology to be used, the understanding of the consultant of the TORs, detailed work plan, timeline, logistics, organization, etc. *To be delivered latest 1 week before the launch of the study start of the assignment.*
